Hello Lana,

Please see the note below from Alderman Cappleman and the attached answers to your questions regarding the proposal at 4600 Marine Dr. If you have any questions or concerns, please let us know.

Sincerely,  
Tressa

I want to thank members of Lakeside Area Neighbors Association for their great questions and feedback about this development proposal.

I noticed that the second community meeting went over the same questions and concerns that were raised at the first meeting. It's my belief that any additional meetings with your block club would not be productive because it would continue to be a rehashing of the same concerns.

For that reason, I've made the decision that it's now time to proceed with having this proposal go before the entire 46th Ward Zoning & Development Committee. At this meeting, your zoning representative will be encouraged to speak to the concerns that members of your block club had about this proposal.

When we send out notices to the other members of the ward-wide zoning meeting, we will also provide them with the written Q&A and Comments from your last block club meeting, along with a link of the video of the first meeting. If you could provide a YouTube link to your second meeting, we can send members that as well.

I have every confidence that the 46th Ward Zoning & Development Committee will listen to your feedback and this will help them to formulate their own questions about this proposal. Afterwards, they will determine when they believe sufficient time has passed for a vote to occur. Please let me know if you have any further questions.

Take care,

Tressa Feher  
Chief of Staff
